OFFICIAL LETTER OF INVITATION

March 23, 2016

Dear Judo organizations:

In 2015 we organized first sport centre of city Vilnius international judo kid's tournament. Our vision was to create the tournament which grows a new judo age that make this sport united.

This tournament represents the spirit of friendship, community in our judo family. Open mind and open heart, look beyond the boundaries of countries and languages, to look at our similarities and common love of the sport of judo.

We expect to have between 3 - 6 different countries representing this event. I wish the judoka participating in this tournament great success and extend my best wishes to all the young athletes already starting the journey in judo world. The competition will be conducted by international judo federation rules with modifications.
